Commercial Industry Education Program (CIEP)

CIEP is a cooperative effort between the California Highway Patrol (CHP) and the Federal Motor Carrier Safety Administration (FMCSA)

Press ENTER to continue

Purpose

The purpose of CIEP is to improve safety and reduce the number and severity of commercial motor vehicle collisions through education. CIEP instructors conduct educational seminars intended to produce safer drivers, improve safety of commercial motor vehicles, and produce safer carriers. All CIEP presentations include safety information on Seat Belt use (Be Ready. Be Buckled.), No Zone, Sharing the Road, and Safety Issues.

Educational Seminars

CIEP educational seminars are tailored to the needs of a carrier and may cover topics such as, but not limited to:

- Hazardous materials transportation requirements
- Hours-of-service
- Controlled substance and alcohol testing requirements
- Size and weight requirements and issues
- Enhanced rules of the road/driver safety tips
- School bus information (driver/mechanic/administration)

The Public Awareness of Commercial Trucks educational safety seminar is intended for drivers of passenger vehicles. The seminar covers driver safety practices, rules of the road, and the major causes of passenger vehicle and truck-involved collisions. Drivers learn what driving habits they should correct or modify to share the road safely with other vehicles.
